

## READING THE PSALMS FOR ALL THEIR WORTH

## BOOKING FORM

The Psalms speak of the many aspects of life in all its trials, relationships, joys and worship. It's words convey not only the journeys of life, but the deep thoughts and desires of the human heart in our journey with Almighty God.

Inspired by the Holy Spirit men of old put into verse life, love, prophesy and God's love to help people down through the centuries.

So take a little time and journey with Desi as he brings to life and puts into perspective these ancient, yet wonderful verses to strengthen our lives and gladden the heart.

## DESI MAXWELL

Once again we are privileged to have teacher and author Desi Maxwell from [xplorations.org](http://xplorations.org) as our speaker. Desi has been with us on a number of occasions and shared a wealth of knowledge that challenged and encouraged us all. He delivers with warmth, a sharp wit, mingled with grace and joy. His presentation paints wonderful pictures of long ago, setting them into the present age. Indeed we look forward with anticipation to this series on the Psalms.
